Easy to use:

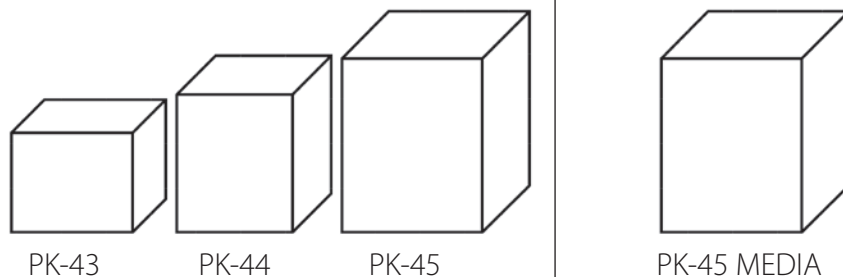

- Reliable and easy-to-use electronic KASO code lock
- Light weight and compact PK-40 safes can be placed on tables and furniture, easy to use in the office environment or at home
- Floor anchoring

KASO FIRESAFES

PK-40 series

New firesafes from Kaso have been designed to protect documents, small items and data media. Kaso firesafes (PK43 – 45 MEDIA) have been tested according the Nordic NT FIRE 017- standard in Sweden (SP Technical Research Institute of Sweden), according to 60 PAPER or 60 DISKETTE.

Modern design and light weight of the safes make them convenient and easy to use in office environment and at homes. PK-40 series safes can be placed on tables or shelves also easily hidden inside other furniture away from the unwanted visitors.
